ESSENTIAL INFORMATION TO KNOW BEFORE YOUR VISIT

OPENING HOURS

School: 9:30 - 20:00

Bar & Restaurant: 9:00 - Late night

SPOT OVERVIEW

In Sicily, a premier watersports spot awaits you at Lo Stagnone lagoon, offering an expansive shallow water area, high wind yield, and Mediterranean temperatures. Lo Stagnone boasts the title of Europe's largest shallow water playground. The smooth, wave-free waters provide a comfortable kitesurfing experience and ideal conditions for beginners, intermediates, and freestylers. North is the best wind direction during the summer season, we usually get between 15 - 22 knots. However, the lagoon remains kiteable with various wind directions, offering approximately 200 kiteable days each year. In the winter the wind can get quite strong with storms coming through.
